

HAPPY THOUGHT! . let's give them glass like this

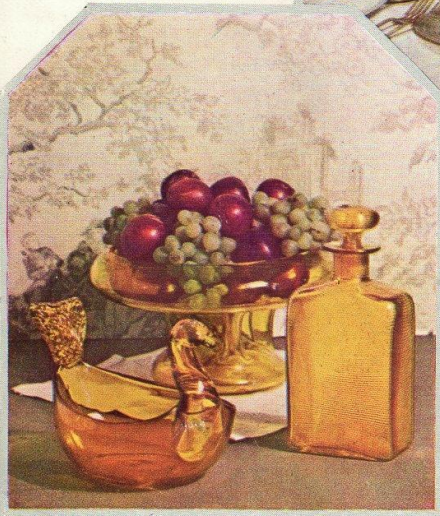

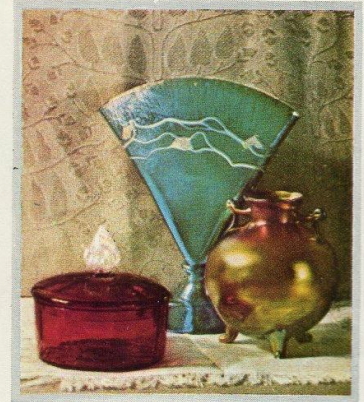

There is a restraint in the designing of these Steuben Bristol Yellow pieces, which makes them doubly welcome in rooms of Early American influence. Mellow maple and gay, hooked rugs call for glass of rugged contour and warm color.

A Steuben group in the Catalan manner. The bubbly Spanish Green glass, graceful shaping and quaint white around decorations give this set a most distinguished air. Blown also in a wonderful tint of Blue. (Flower Suggestions by TOTTYS, New York)

All Steuben Glass Gifts are entirely uncommon. Puff Boxes in Cerise Ruby; Perfumes in lovely Gold Aurene; dainty Flower Vases in Blue Aurene; Candy Jars, Sherbets—useful Bottles in gem-like colors and many designs.

OFTEN it is difficult to be sure you are sending a gift that is genuinely beautiful—something for the home which embodies the best traditions of art and craft. But if you choose Steuben Glass, you may dismiss instantly all queries of appropriateness—no matter how versed the recipient may be in the wiles of interior decoration.

The reason is clear. All Steuben Glass is blown and modeled by hand, just as fine glass has been made for twenty centuries.

So when you bestow a Steuben gift, you are offering an original, marked by those hand-creative touches, which so delight connoisseurs and collectors.

For at Steuben Furnaces only authentic works of the greatest glass periods are used for inspiration. The contours . . . the colors . . . the brilliance . . . the grace of line . . . which distinguished important historic glass are reflected in every piece from Steuben.

Steuben Glass is shown at glass and china shops, department stores, gift and jeweler shops. There are pieces great and small, formal and informal, brilliant and subdued, in a fascinating array of designs for every important room in the house.

Steuben glass gifts really serve a dual purpose. A fine bit of this lovely glass is not merely thoroughly practical, but it expresses very definitely your excellent taste in choosing a gift so historically correct.

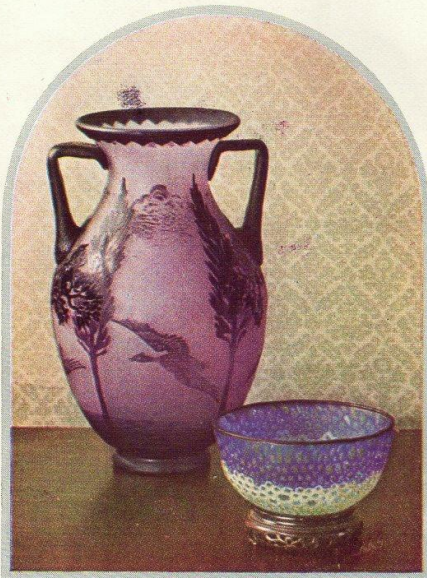

THIS DEVICE etched in miniature, identifies original glass from Steuben
